

Programmable ionization nozzle SPN-11

Order no.	101002074
Availability:	2 - 3 weeks
Price:	514,40 EUR / 622,42 EUR / vč. DPH

valid on the date: 4.7.2026

Description

The nozzle is suitable for ionizing small spaces, but thanks to the variable attachments, air can be ionized to a greater extent. It is usually installed directly on the production line, in hard-to-reach places.
